16	EF035	Female Q.C. Socket	1	

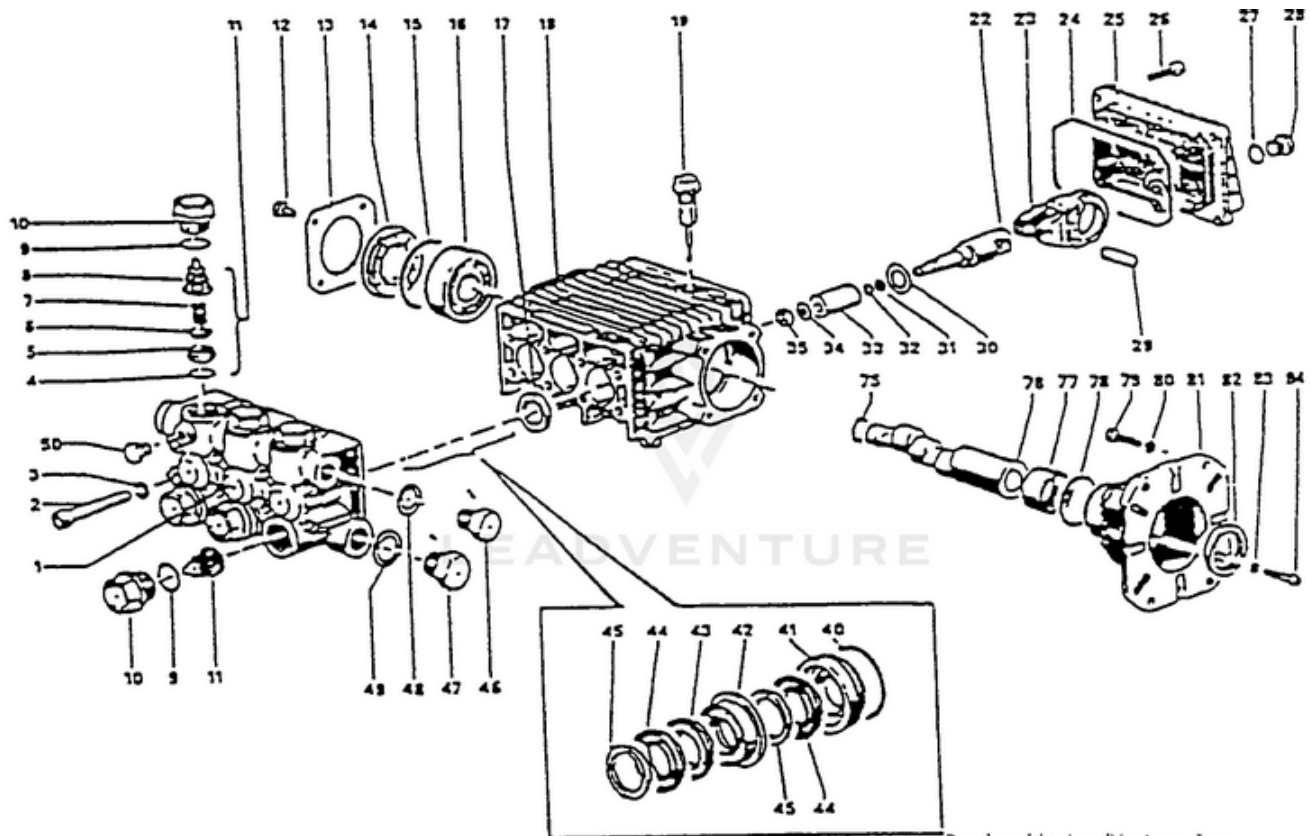

This diagram is an exploded view of a mechanical assembly, likely a pump or engine component. It features numerous numbered callouts (1 through 58) pointing to various parts. The assembly includes a central vertical shaft with a pulley at the top, a main housing with internal components, and a complex lower section with multiple ports and fittings. The parts are arranged in a way that shows their relative positions and how they fit together.
