This diagram shows the exploded view of a device, with components numbered 1 through 28. The components include:

- 1: Main rectangular body.
- 2: Circular component with a central hole.
- 3: Curved metal bracket.
- 4: Small rectangular component.
- 5: Square base plate.
- 6: Small electronic component.
- 7: Small electronic component.
- 8: Small electronic component.
- 9: Small electronic component.
- 10: Small electronic component.
- 11: Small electronic component.
- 12: Long cable with a connector.
- 13: Small rectangular component.
- 14: Small electronic component.
- 15: Small electronic component.
- 16: Small electronic component.
- 17: Small electronic component.
- 18: Small electronic component.
- 19: Circular component with a central hole.
- 20: Small electronic component.
- 21: Small electronic component.
- 22: Small electronic component.
- 23: Small electronic component.
- 24: Small electronic component.
- 25: Small electronic component.
- 26: Small electronic component.
- 27: Small electronic component.
- 28: Small electronic component.
